Profile

As a highly motivated and proactive software developer with a background in computer engineering and experience in web development, I am seeking a position in the development of web applications. I am eager to enhance my skills and use my education, experience, and skills to provide the company with new visions and share new ideas, along with dynamic and valuable contributions.

Professional Experience

Front End Developer, *Freelance*

04/2022 – present

- Developed and maintained responsive Web applications for multiple clients, ranging from small businesses to large enterprises.
- Collaborated with clients to identify project requirements and translate them into technical specifications and design documents.
- Provide ongoing maintenance and updates to ensure websites remain current and functional.
- Worked independently and as part of a team to meet project deadlines and deliver high-quality code that adheres to best practices and industry standards.
- Revised, modularized and updated old code bases to modern development standards, reducing operating costs, and improving functionality.

CS Engineer, *Raya Integration*

03/2020 – 01/2022 | Cairo

- responsible for software and hardware issues with the ATMs and handling various banks monitors including solving, handling and reporting the problems with the ATMs.
- Insatlled new ATMs for various banks, and explained diagnostic findings to customers and outlined repair or service options.
- technical problem solving and reporting
- Evaluated systems according to predetermined checklist and noted issues.
- Generated reports for customer service issues and repair records.

Android Developer, *BlaBla Connect*

09/2018 – 02/2020 | Cairo

- Designed user interfaces that engaged multiple senses and produced immersive experiences.
- Devised documentation for each app, detailing operation aspects, functions, capabilities and features.
- Tested applications prior to final review to verify issue resolution.
- Managed aspects of Android app lifecycle from research and planning through deployment and post-launch support.
- Employed third-party APIs to facilitate seamless access to external, in-app cloud data.

Skills

Front-end (React.js, HTML, CSS, Javascript, Redux,TailwindCSS, Next.js),

Mobile (Flutter, Dart, Java, Android),
regex, Git

Interests

Music (Listening and making music),

Traveling, Video Games,
